

## **Service Statement**

In my opinion, service is a fundamental part of my duties as a beginning Assistant Professor since it is important to share my expertise with the academic community and with the University. I have contributed to several important committees at the department and college level during my time at FIU. I have also been active in the academic community as an editor, organizer, and reviewer.

### **University Service**

I have participated in different roles in service to School of Computing and Information Sciences (SCIS):

- Faculty Recruitment Committee, SCIS, 2014-Present
- Graduate Committee, SCIS 2016-present
- Graduate Program Committee Member, SCIS, 2018-current
- College Library Committee (2014-2015)
- Organizer AI Qualifying Exam (2014-2016)
- Organizer Theory of Computation Exam (2016-2018)

### **Professional Service**

I have served in 2016 and 2017 as the Associate Editor for IEEE International Conference on Robotics and Automation which is the flagship conference of the IEEE Robotics and Automation Society and my field. I was part of the Program Committee Program Committee Member for the Machine Learning in Planning and Control of Robot Motion workshop (MLPC-2015)

I am also a regular reviewer for top journals in the field such as IEEE Journal of Automation Science and Engineering, IEEE Transactions on Robotics, IEEE Robotics and Automation Letters, Autonomous Robots, and the Journal of Intelligent and Robotic Systems and conferences such as ICRA, IROS, and CASE. I have reviewed proposals and have served as a panelist for NSF four times.
