

Program 1

CGS 4854 - U02A (56559) Website Construction and Management - Summer A 2012

Professor: Michael Robinson

e-mail : michael.robinson@fiu.edu

Web Page : www.cs.fiu.edu/~mrobi002/teaching

- Your program must be named: yourLastNameFirstLetterOfYourFirstName1  
If your name is George Washington your tutorial should be named:  
WashingtonGp1
- Turn in the signed source code on paper, and email me the source code.
- Make sure the program is properly documented and aligned uniformly, looking professionally, I will take points off if it not.
- Include the following header in every program:

```
<%-- *****
```

```
Author      : Your Name
Course      : CGS 4854 Summer A 2012 MW 9:05 pm
Professor   : Michael Robinson
Program #   : Assignment Purpose/Description
             {A brief description of the program }
```

Due Date : MM/DD/YYYY

Certification:

I hereby certify that this work is my own and none of it is the work of any other person.

.....{ your signature }.....

```
***** %>
```

Purpose of this program:

Create a website with multiple pages using html and jsp ONLY

How:

Create a web application in NetBeans and name it following this convention:  
yourLastNameFirstLetterOfYourFirstName1

An index.jsp will be created for you automatically, when you create the project.

- From the index.jsp page using a button call a page called students.
- In the students page create text boxes to accept the following fields:

Student Main Record: (this is a title on the screen)

Student ID  
Fist Name  
Last Name  
Middle Initial  
Address1  
Address2  
City  
State  
Country  
Zip  
Telephone1  
Telephone2

Emergency Contact: (this is a title on the screen)

Fist Name  
Last Name  
Middle Initial  
Address1  
Address2  
City  
State  
Country  
Zip  
Telephone1  
Telephone2

- In this page create a button with the name "Process" which will call a third page called "Confirm"
- In the Confirm page display the heading "This is the Confirm Page" then all the fields from the previous page, and finally a new line with the message "Welcome to our University"

=====

Email me the code and print the pages to be turn in at the beggining of class.
