Norman: Mark asked me to send you a copy of the assessment exam and a
grid showing how each student on each problem. The exam is attached.
Here is the grid:

```
                          Student 1    student 2    student 3    student 4
Problem 1                     0              1
0                         0
problem 2                   1                0
0                         0
problem 3                    0                1
0                         0
problem 4                   1              0
0                      1
problem 5                  1              0
0                      1
```
